I am happy to share our experience of the Hanuman Puja with everyone. It was our first time having blessings from Anjaneyar in our home, and it felt like a once-in-a-lifetime event.

We are deeply thankful to the Acharya who performed the 'Anjaneya Ashirvachanam'. We affectionately call him the 'one-man army' for his exceptional ability to manage the entire event independently. His dedication to making the Ashirvachanam special is truly remarkable. He performs five pujas in one day with the same dedication shown in every house, a feat that left us in awe of his dynamism and devotion. His hard work is not only focused on the puja, but also on bringing more people together to help complete the Ram Mandir soon.

Also, our humble gratitude to the entire volunteers who coordinate with the devotees to support the puja process.

This project is of immense importance for our future generations, allowing them to offer their blessings to Ram. Let's welcome Bhadrachalam to the USA and inspire others to join us in this noble cause!

It was a very meditative experience. The energy levels in the house were amazing. Gurugaaru is phenomenal - he is dedicated and is a true devotee of lord anjeneya. We are blessed to have the opportunity to have gurugaaru bring the lord home before he gets installed in the temple. “Joh Yahu pade , Hoya sidhi sakhe “ - Jai hanuman 🙏

We are very fortunate to have got the puja slot in a very short time. With the blessings of Lord Hanuman and Gurugaru we were able to make all the arrangements . It is once in a life time moment for us to invite lord Hanuman and that too for an overnight stay at our home. We are very happy to be part of the great initiative that Gurugaru has taken up to bring the experience of Bhadrachalam to USA. Our friends and family who attended the event have also expressed the happiness to be part of the event. Right from Adults to Kids, everyone is engaged in the event, Kudos to Gurugaru 🙏. Thank you so much Sowjanya garu and team for the wonderful coordination.
